

## National Mining Conclave 2022

Minception participated in the National Mining Conclave-2022 conducted by the Mines Safety Association of Karnataka held at J N TATA Auditorium, Indian Institute of Science, Bangalore from 12<sup>th</sup> August 2022 to 13<sup>th</sup> August 2022. To get a wider reach with the mining fraternity of Karnataka, with the success of the previously held Mining Conclave and with a view on active participation, Minception had set up a stall and Dr Sundar Singh presented a technical paper on ‘Technologies for Zero harm mining’,

The event and our technical presentation to the audience gave us an effective platform to showcase our team of global experts. The event enabled us to have fruitful face-to-face interactions that lead to a meaningful deliberation on the scope we offer at Minception.

Visit to our stall by Chief Guest to the Mining Conclave – Shri Prabhat Kumar, Directorate General of Mines Safety, DGMS, Dhanbad.
